

Disclosure Policy

It is the policy of Audrain Medical Center, Continuing Medical Education, to ensure balance, independence, objectivity and scientific rigor in all its educational activities. All faculty participating in this activity are expected to disclose to the audience any significant financial interest or other relationship he/she has with the manufacturer(s) of any commercial product(s) discussed in an educational presentation.

All physicians' disclosures are reported and are indicated with their presentations. Speakers are also expected to openly disclose inclusion of discussion of any off-label, experimental or investigational use of drugs or devices in their presentations. These presentations are the views and experiences of the presenters. The presenters' views do not represent the policy or position of Audrain Medical Center.

AMC is pleased to sponsor the 2012 Mid-Missouri Regional Cancer Conference on

Friday, March 16, 2012

This conference has been designed for physicians, nurses, home health professionals, dietitians and other healthcare professionals who support and care for people with cancer.

CONFERENCE OBJECTIVES

Upon completion of the course, participants will have state of the art knowledge of:

- The epidemiology, pathogenesis, screening for and prevention of HPV in both sexes.
- Lymphedema, its risk factors, treatment and current recommendations.
- Obesity trends and the influence it has on cancer. Review standard chemotherapy dosing practices in obese people and interpret the dosing practices.
- The impact of cancer treatment on the reproductive system and fertility preservation options.
